Expert advice on keeping
pupils happy and safe online

Parent Info is a new service from **Parent Zone** and **CEOP**, the child protection command of the National Crime Agency. It delivers expert information about young people's wellbeing and resilience online to parents and carers through your school's website.

Parent Info covers a wide range of subjects, with a focus on issues that are created or amplified by the internet and technology. You'll find information on everything from relationships, body image and peer pressure, to broader parenting topics such as supporting your child's education.

Advice can also be accessed on the service's dedicated website at ParentInfo.org.
